November 2016

2017 iPad Information & Expression of Interest

Dear Parents / Guardians

In 2017, Grade 3 students at North Melbourne Primary School will have the opportunity to join the “Bring Your Own” iPad program which has been running in Grade 3-6 for several years.

To ensure a smooth set-up and introduction, the school will officially commence the Grade 3 1-to-1 program at the start of Term 2, 2017.

iPads have been used at North Melbourne for many years and provide your child with a wide range of opportunities to enhance and improve their learning. Crucial future skills such as coding, programming and game making are being introduced into the Victorian Primary School Curriculum which are supported by the iPad program.

Please visit our website: www.northmelbourneps.vic.edu.au to access detailed information about the program, including minimum specifications. In addition, to help with our planning please fill out and return the slip below.

This is an optional program and if you choose not to participate your child will continue to be provided with shared access to technology in classrooms, and will not be disadvantaged in any way.

Joe Grabin
Grade 3 Teacher
